

FOR GROWER

Dear Friend,

If you'd like to grow with Doctor's Choice, to feel the legend and share your impressions, photos, and grow reports, if you are our regular customer, participating in the seedbank activities and publishing grow reports, we are more than happy to invite you to join DC Family.

About Doctor's Choice

Doctor's Choice seedbank produces and sells originally crafted high-quality Cannabis seeds. We are a small but rapidly growing seedbank having unique history. Our founder and a head breeder Sasha Przytyk aka `the Joint Doctor` was the first to develop and market high-THC auto-flowering strains. Doctor's Choice still offers original Lowryder, the strain beginning a whole new era of home growing.

We at Doctor's Choice are passionate about seeds and appreciate the opportunity to continue the Lowryder legacy: to serve home growers everywhere through innovative strains and quality seeds. Doctor's Choice provides expert advice to growers worldwide, helping them to get the most out of their crops and develop their own auto-flowering strain.
